

School in the future

Dear students, dear teacher,

in our Comenius project we are working with our partners from three countries on the theme "School in Europe in the past, present and future".

We want to capture and compare the views of students on school in the future. Therefore we ask you to fill in the questionnaire and support our project.

Thank you.

Tick off the correct answer, please.

1. The number of the students per class should be 15 maximum.
